## Principal's Message

To all of our JCHS Families:

Winter sports are now beginning and we look forward to those athletic talents being showcased here at JCHS.

December winter concerts will also be coming up for chorus, band, and orchestra. Please come and join us! Recently, we were informed that one of our students earned a perfect score on the AP Calculus BC test last spring; she is one of only eleven students in the world who earned every point possible on this test last year. That is another amazing feat and milestone for our JCHS student population! Her story will be covered in our school newspaper and in local media.

Helpful advice for ending this semester: We continue to impress upon our freshmen that the grades earned in 3 weeks following this holiday will become permanent transcript grades. Our freshmen have heard this repeated message since the beginning of the school year and I shared it at transition meetings last spring. This is one of the harder transitions for our 9th grade students.

Parents, please help us to reinforce with your freshmen son or daughter that students need to meet all expectations and impress teachers in these next few weeks, and put forth their best work in order to earn the best grade possible by December 20th.

All students start fresh with grades in January. Our fall semester final exams will take place on Wednesday, Thursday, and Friday of the last week of this semester - DEC 18, 19, and 20. Students will be dismissed at 12:20 p.m. on those three final exam days. It is highly important that all students be in attendance at school on those well communicated final exam days in our Fulton Schools calendar. Final exams may not be taken early for any absence reason.

I hope that everyone enjoys the upcoming Thanksgiving break! Enjoy the time and be safe.

Buck Greene

## November Staff Highlight

**Mrs. Carol Matthieson**

**MRS. CAROL MATTHIESON**  
**Front Office Professional**

If you have ever had the pleasure of meeting Carol Matthieson, you know what a wonderful person she is...always happy, always helpful! Over the course of the five years she has worked at Johns Creek High School, Carol has worn many hats. She has been a Para Professional in the I.R.R. Department, a Media Room Specialist, Textbook Coordinator, and now is the Administrative Assistant to the Assistant Principals. In this current position Carol is responsible for coordinating the parking pass program as well as handling student locker assignments. She provides administrative support for all the disciplinary letters that the Assistant Principals send out and she assists in the front office. She can sometimes be found filling in at the Clinic when needed. Carol even worked all summer keeping the front office staffed and open for business!

Students know her as Coach Matthieson because she has been the Girl's Varsity Tennis Coach since the school opened. She has taken the team to four consecutive post season tournaments and led them on to win the State Championship in 2012! Carol is also the staff sponsor for the Fellowship of Christian Athletes club which keeps her interacting with even more students. She loves her job and enjoys coming in to JCHS every day.

Carol grew up in Austin, Texas and attended the University of Texas. In her early career she worked in the airline industry as a flight attendant. Twenty years ago she moved to the Johns Creek area and became an office manager in a real estate firm. Carol is married and her husband Creig is the Tennis Pro at St. Ives Country Club. They have two sons, Andrew who graduated from the University of West Georgia, and Eric who is graduating this year from Georgia College & State University. The family pet is a dog named Penny who they adopted from a rescue group. In Carol's spare time she enjoys reading and plays doubles tennis. She is also very active in her Johns Creek Christian Church. Besides tennis, her other hobby is singing in the Gwinnett Center Symphony Chorus as an alto.

**November Student Highlight**  
**Chris Woods**

Senior student and Eagle Scout Chris Woods recently completed a project that will benefit

and honor the Johns Creek Fire Department for many years to come. The public can see his efforts every day as they drive past Fire Station #63 on Old Alabama Road opposite Newtown Park. Chris is responsible for the new outdoor lighting that illuminates the front of the station and the flagpole, as well as the bench and memorial plaque that honors deceased fire fighter Felix Roberts.

In order to accomplish this project, Chris needed to network with many businesses to ask for donations. The letter he sent out to businesses nicely sums up what led him to choose this service project:

*"My name is Chris Woods and I am a member of Boy Scout Troop 629 in Johns Creek. On May 28, 2007, my neighbors' house caught on fire. Felix Roberts and his fellow firefighters at the Johns Creek/ Fulton County Fire Station across from Newtown Park on Old Alabama Road responded to the call. When Felix heard that the homeowner was trapped on the second floor, he ran inside the house to attempt a rescue. While Felix was inside the house searching for the homeowner, there was a massive flashover and flames shot out of every opening in the house. Firefighter Felix M. Roberts and the homeowner lost their lives that early May morning. Because this fire had such an impact on my life, I have decided to dedicate my Eagle Project to Felix M. Roberts at Johns Creek Fire Station 63. I will be installing pavers below the flag pole and I will be lighting up the flag pole outside the station. Above the front door, "Felix M. Roberts" name is displayed. I will also be lighting up his name so even at night, everyone will see that name and remember the sacrifices these brave men and women go through. I will also have a paver engraved with Felix Roberts name on it that will be permanently installed on site at the base of the flag pole."*

Chris had to coordinate with many people to get this project completed, including material suppliers, electricians, landscapers and multiple departments at Johns Creek City Hall for permits and plan approval. He recruited some friends to help him dig all the holes and do much of the construction. The end result is amazing! Chris hopes to come back when he has his own family one day and show them this wonderful memorial.

Chris was born in Middletown, Connecticut but his family moved to Johns Creek when he was still a baby; they live in the Glastonbury neighborhood. His main interest is baseball and he has been on the JCHS team all four years where he plays Second Base and Outfield. Every summer he goes to his family's vacation house in Harwich, Massachusetts and plays in the Lower Cape Cod baseball leagues. He was even a bat boy when he was younger for the Orleans Firebirds, a well known collegiate baseball team. He hopes to play baseball in college and his top choice is The Citadel. Recently, Chris and three other students were recognized for their Good Samaritan efforts when they stopped and assisted two injured victims of a car crash.

### Parent University 2013/2014 Tonight!

Sponsored by Rachel K. Cole, School Social Worker

Parents, now your kids aren't the only ones with the opportunity to learn. Despite life experience, books and articles read on parenting and sharing stories with friends, chances are you're hungry for more information on raising your children. You can never learn enough about parenting because the issues you deal with change as your child grows and develops. Also, each child is different, so what made sense to you with one child, doesn't with another child. Join us for our upcoming Parent University sessions for a chance to learn from professionals working with teens and their families on a topics relevant to today's fast paced world. Parenting is not an easy job, so I've put together a series of presentations based on topics I hope you'll find interesting and helpful. Many of you joined us for a thought provoking discussion on October 10th on "Growing Up/Healthy Separation: What It Is and What It's Not." We hope to see you at the next session!

"10 Things Teens Wish Their Parents Knew"

By Lisa Van Der Merwe  
Licensed Clinical Social Worker  
<http://lvcounseling.com/>

Think back to when you were a teen. Did you ever feel trapped within your own mind, wishing that your parents could be wise enough to understand your pressures, your stresses, basically, your world? If teens and parents could only switch places for a day, like in the movie "Freaky Friday." Maybe then parents would truly understand how much their teens long for them to show love, understanding and most of all, patience. Please join us for an interactive presentation with Lisa Van Der Merwe, L.C.S.W. Lisa has been a speaker for Parent University multiple times; receiving high remarks and positive regard each time. We look forward to you being part of this lively discussion, "10 Things Teens Wish Their Parents Knew."

## Georgia Parent Survey

The time to administer the Georgia Parent Survey for the 2013-2014 school year has arrived. This is the first year that the on-line Georgia Parent Survey has been administered.

The questions on the Georgia Parent Survey will mirror the school climate questions in the Georgia Student Health Survey given at schools. Data from the Georgia Parent Survey will be used to calculate the School Climate Star Rating within the College and Career Ready Performance Index (CCRPI) to determine a correlation between the student responses on the Georgia Student Health Survey and school personnel responses on the Georgia survey.

The Georgia Parent Survey will officially open on Tuesday, October 29, 2013 and will remain open through Friday, January 31, 2014.

The Georgia Parent Survey will be administered electronically. Parents will be able to complete the survey using their personal computers, smartphones or iPads. For parents that do not have access to the Internet, the school will allow parents to complete the Georgia Parent Survey at school. The Georgia Parent Survey has 20 questions and it should take no more than 5 - 10 minutes to complete it. Survey responses are anonymous and will be submitted directly to the Georgia Department of Education for analysis. Data results from the Georgia Parent Survey will not be available to the public and will not be posted online. All Fulton parents should participate in the Georgia Parent Survey.

The link to the Georgia Parent Survey is posted below. After you click on the link, a drop-down menu will appear and the parent will use the drop-down menu to select the school district (Fulton County) and the school. Georgia Parent Survey
